How to Identify

1. Verify grip pin clip design.
2. Measure wire diameter (K).
3. Measure length (A).
4. Find the part in the chart below.

grip

For detailed specifications and tolerances, visit Huyett.com.

A self-locking bridge pin. The straight wire is inserted into a hole and the bent leg snaps over the mating pin locking the grip pin in place.

Prefix: GRP
Material/Finish: MB SPRING WIRE, ZINC CLEAR

Additional sizes and finishes may be available upon request.
